

1) Print out the same design on both sides of a sheet of paper (white/colored paper).

*Making 1 double sided copy will allow you space for 8 Cruises & Crop Cruises.

Making 2 double sided copies will allow room for 16 Cruise & Crop cruises and so on.

2) To allow space for binding, cut 3/4" off the left and right side of the paper. Cut just INSIDE of the dotted line on the top and bottom. Cut in between the 4 inserts for a finished 3.5" wide x 4" tall insert. You'll end up with 4 - double sided pages.
